ABOUT ME

I am an ABSA Software Developer intern at UVU for the present 18 months. I graduated from the Management College of South Africa (MANCOSA) with a Business Administration Honours Degree. My technical expertise includes A+ and N+ certifications, AWS Cloud Practitioner Certificate, and skills in HTML, CSS, Java, Python, JavaScript, Node.js, React and Power BI. I am dedicated and hardworking with excellent communication skills and willingness to learn and grow within a team-oriented environment.

WORK EXPERIENCE

○ Jun 2023- Present
UVU

Junior Software Developer

As a Junior Software Developer, I collaborated with my team members to design, develop, and maintain software applications. Responsibilities include coding, debugging, and testing to ensure the delivery of high-quality solutions. I acquired a very strong understanding of programming languages such as Java, Python, and JavaScript. I am familiar with web development technologies and a proactive approach to learning and problem-solving are essential. This role has offered a unique opportunity for professional growth within our organization, providing exposure to diverse projects and a supportive learning environment.

○ Nov 2014-2023 Feb
Standard Bank

Universal Banker

As a Universal Banker, I was at the forefront of delivering exceptional customer service by handling a diverse range of responsibilities, including account management, financial transactions, and promoting various banking products and services.
